You can't beat this bromide: "An honest man is the noblest work of God."

AND WHAT A DIFFERENCE! Food cooked in a modern electric oven just seems to taste better, and it's such a pleasure to prepare.

When you cook electrically, your kitchen remains as cool as an ocean breeze. Electricity delivers the heat to the food—not the kitchen—leaving you cool and fresh.

Because of even heat and pinpoint control, electricity guards the flavor and goodness of foods. Your favorite meats and vegetables simmer in their natural juices, preserving precious vitamins and minerals.

Electric cooking is wonderfully convenient. And you'll be pleasantly surprised at the low cost. You can cook a meal for a family of four for only about two cents worth of electricity.

For fast heat and perfect temperature control... as well as comfort, convenience and economy... nothing cooks as well as electricity. Why not try it yourself?

Construction

Other efforts later to attract additional industries but only after we have absorbed our newest industry and have allowed time to pass. The cooperation of Rockwell is typical. Mayor Bowen pointed out, "of the sort of people we have here, we have surplus labor and Rockwell's assistance in securing additional employment for our people by favorably reporting their own experience in the community should be noted, he said, and our people are grateful for their help."

In quoting Mayor Bowen further, he said, "Contrary to what a lot of people think, the impact on utilities and services in the addition of a new industry is greater than the average person thinks. Here in Stateboro we know that we need to supplement income for our farmers and we have tried not to over-industrialize our community overnight. We will make money raising efforts to secure the land and, of course, to those citizens who 'come through' and contributed in a financial way. I want to make special note of the splendid assistance and cooperation of our local Rockwell Manufacturing Co. and of Mr. N. W. Rowland in particular. Mayor Bowen had this to say: 'First we want it understood that the new industry will be from 8:30 a. m. until 11:30 a. m.'

Plans now call for the access road to the new site to be widened and paved and for the city to run natural gas into the plant. When completed and in operation the new industry will be the largest user of natural gas being produced in the county.

The climate couldn't be better for buying a new

JET-SMOOTH CHEVROLET

(and that's the car more people are buying!) Take those June skies and breezes. Add a spanking new Jet-smooth Chevy. Presto, you've got all the makings of a roamin' holiday. That low-loading deep-well trunk swallows up most everything you'd want to pack along. The carefully crafted Body by Fisher has you livin' in luxury (and in comfort-high seats where the sight-seein' comes easy). That Jet-smooth Chevy ride, with a sinewy Full Coil

spring at each wheel, gentles you past all the wrinkles and ruts in the roads (there's even a team of over 700 behind-the-scenes "shock absorbers" to hush up road surface mumbblings and grumbblings). All in all, Chevy's light-steerin', easy-goin' ways just don't leave much for you to do but feel good. And that's exactly the way your Chevrolet dealer wants you to feel—as you can plainly see in those beautiful June buys he's got bustin' out all over.

Air conditioning—in an extra-cost option that gives you temperature control, too.

Drive For Funds To Fulfill Commitment Is Completed

The Minkovits, chairman of the Special Finance Committee of the Chamber of Commerce, which was responsible for raising \$35,000 to furnish land and other considerations to fulfill a commitment made by the Bulloch County Development Corporation to a major new industry considering a location in Bulloch County, announced that the drive has been completed.

The Executive Committee of the Bulloch County Development Corporation, consisting of Mayor W. A. Bowen, Thad Morris, W. A. Cobb, C. B. McAllister, Edgar Wynn, the Minkovits and Tom Minkovits, all of whom are representatives of this new industry for over two years and who have been successful in concluding negotiations which will mean so much to the economy of the county.

Curtis Smith, who heads the industrial development division of Georgia Power Co. was instrumental in bringing the principals of the new industry to Statesboro.

Finance Committee members, Ike Minkovits, Chairman, Tiny Hill, Osborne Banks, J. Brantley Johnson, Tom Martin, Charles Robbins, Jr., Everett Williams, Robert F. Donaldson, Don McDougald and Chamber Executive Manager, Al Gibson, and their collection teams, wish to express their appreciation to the following individuals and firms who responded so promptly:

The Bulloch Herald, the Bulloch Times, Brooks B. Sorrier, Johnston & Donaldson, J. Rufus Anderson, Hoke S. Brannon, Thad Morris, W. A. Cobb, C. B. McAllister, Edgar Wynn, the Minkovits and Tom Minkovits, all of whom are representatives of this new industry for over two years and who have been successful in concluding negotiations which will mean so much to the economy of the county.
